

## ASCENSION WELCOMES JOANNA HARRINGTON

### SALES MANAGER: CORE MARKETS

BURLINGTON, VERMONT; June 26, 2006: Ascension Technology Corporation is pleased to announce the hiring of Joanna Harrington as Sales Manager, Core Markets.

Formerly a sales representative at Polhemus Inc., Ms. Harrington is responsible for domestic and international sales for Ascension's motion tracking sensor product lines in the fields of simulation, animation, virtual reality, biomechanics, and military applications. She will also manage Ascension's extensive network of resellers who represent the company throughout the industrial world.

Ms. Harrington received her Bachelors degree from Lyndon State College and a Masters degree from East Carolina University and has taught various classes at the college level.

**Ascension Technology Corporation**, based in Burlington, Vermont, USA, is a world leader in 3D tracking solutions for medical, military, simulation and virtual reality applications. More information about Ascension is available at
